# Take Part in Programs.

Those taking part in the programs at Regiment runner-up, sprung a surprise on Bernon S. Prentice, and after a grueling competition qualified for the championship round. Lovibond played his usual steady, consistent game. He kept well back in the court and drove the balls over the net with such accuracy that Prentice did not attempt to go after many of them. There was no attempt at brilliancy by either player, but an effort to wear down the opposing player. Lovibond won the first set after the score had been carried to 4—4, from which point he broke through his opponent's service and won his own. Prentice turned tables in the second set and equalized after a smart rally at 6—4. The effort appeared to the second set and scored but two points.

While the favorites won in the doubles semi-finals. Karl H. Behr and Theodore R. Pell were compelled to work hard to win from Julius M. Steinacher and Lincoln Reimer. Kansas City, Mo., was robbed of \$9,000 in daylight in 1873.

Detectives surrounded the James home near Kearney, Mo., January 25, 1875, and threw a lighted bomb into the house, thinking to kill the James brothers. It exploded, tearing the arm off their mother and killing their brother Archie.

Although the James boys participated in hundreds of robberies, it is now generally believed that there were also hundreds of robberies charged up to them of which they were innocent.

In 1852, after Jesse James had been shot and killed in his home, in St. Joseph, Mo., by Bob Ford, also a bandit, for a reward of \$50,000, Frank James surrendered in Jefferson City, Mo. He was sentenced to life imprisonment in the penitentiary, but after a few years he developed symptoms of tuberculosis and was pardoned by the governor.
